REPORT NO.

1. In Timisoara the installation of Soviet wide gauge railroad tracks is nearing completion. Construction of a school for the teaching of terrorists is expected to be finished by 1 March 1950. New units with 90 and 120 ton tanks have joined the Soviet 208 Armored Guard Division.
2. Parts of Soviet 208 Armored Guard Division have also arrived in Comlosul.* Volunteer work brigades are engaged in strengthening of barbed wire barriers, mine laying, road repairing, and in conjunction with soldiers are digging rifle trenches. The trenches consist of three lines approximately 100 meters apart.
3. Sanniclaus is an important junction in the passage of Soviet and Hungarian units to and from Rumania. Strict control is exercised over communications and civilians by police stationed there.
4. Recently units of 208 and 211 Soviet Armored divisions have arrived in Vecenova V (sic). Several thousands of Rumanian soldiers are stationed here. New roads are being constructed in the direction of the border and anti-tank trenches are being built and mines laid along these roads.

25X1A : There is a Comlosul Mic and a Comlosul Mare in this area.
